### Superintendent's Highlights

Blaine County School District continues to be in a building program with enrollment increases. Construction on the new Wood River High School is on schedule and meetings have begun to share the current high school building with the College of Southern Idaho, the Blaine County Recreation District, and our own Academies of Arts and Sciences.

This spring we were excited to report back to our patrons that 90% of our five-year Strategic Plan had been completed in three years and then provided time for input, adjustment, and extensions to that Plan.

Our test scores continue to be solid with the complete conversion from ITBS to Levels Testing. We are anxious to establish base levels and set expectations for growth with these new data points.

Secondary accomplishments included the establishment of a Residential Construction Academy at Carey School and State recognition of Exemplary Merit to Wood River Middle School for their outstanding technology program.

Elementary improvements were the implementation of the Neighborhood School plan, Accelerated Math extended into all 4<sup>th</sup> grade classrooms, and bus loop improvements to the facility at Hailey Elementary School.
